OBJECTIVE: A freelancing position as a business architect, consultant and coach or software architect in an organization where technical IT knowledge, business savvy as well as team and project management skills would be needed.

SUMMARY: Highly motivated M.Sc. in computer science and business administration with entrepreneurial mindset and expert knowledge in software engineering. Several completed software projects. Experience in team leading, project management and business innovation. Expertise in many programming languages and tools. Special interest in management, marketing and software development methods.

SKILLS AND ACCOMPLISHMENTS

PROGRAMMING LANGUAGES AND TOOLS

C/C++, Java, J2EE, J2ME, BPEL4WS, HTML, PHP, MySQL, VB, C#, Actionscript (Flash), XML, RUP, UML, OOP, XP, AOP, Visual Studio .NET, DirectX, Eclipse, Together, Dreamwaver, Junit, Web Services, TopicMaps, Ruby on Rails

TEAM LEADING EXPERIENCE

Running an own small software company (3-4 people) where I had to coordinate the team members.

Leading the team and managing contact to the customer in a project for Daedalos Consulting.

Team experience as a professional musician in several bands and production teams.

COMPLETED/MARKETED PRODUCTS

Topic Maps Project:

Will be used by Daedalos Consulting and hosted at Sourceforge.net by fall 2004.

Subject: Organizing any kind of information and association and visualize it in 2D/3D.

mobiComp:

Presenting this project at the computer fair CeBit in Hannover, Germany, in March 2004.

Clients are the University of Technology, Darmstadt, and the Bankakademie e.V., Frankfurt.

Subject: A marketplace for mobile software components.

dirty-orange.de:

Planning and developing small computer games and screensavers as viral marketing tools (e.g. www.weihnachtskalender.de). Webpages and e-commerce sites.

Score Perfect Professional:

Participated in the project and worked on the development of a sequel product.

Subject: Notation software for musicians.

...plus several freelancing projects (see section "experience" for further details)
